

Lairdmannoch Energy Park

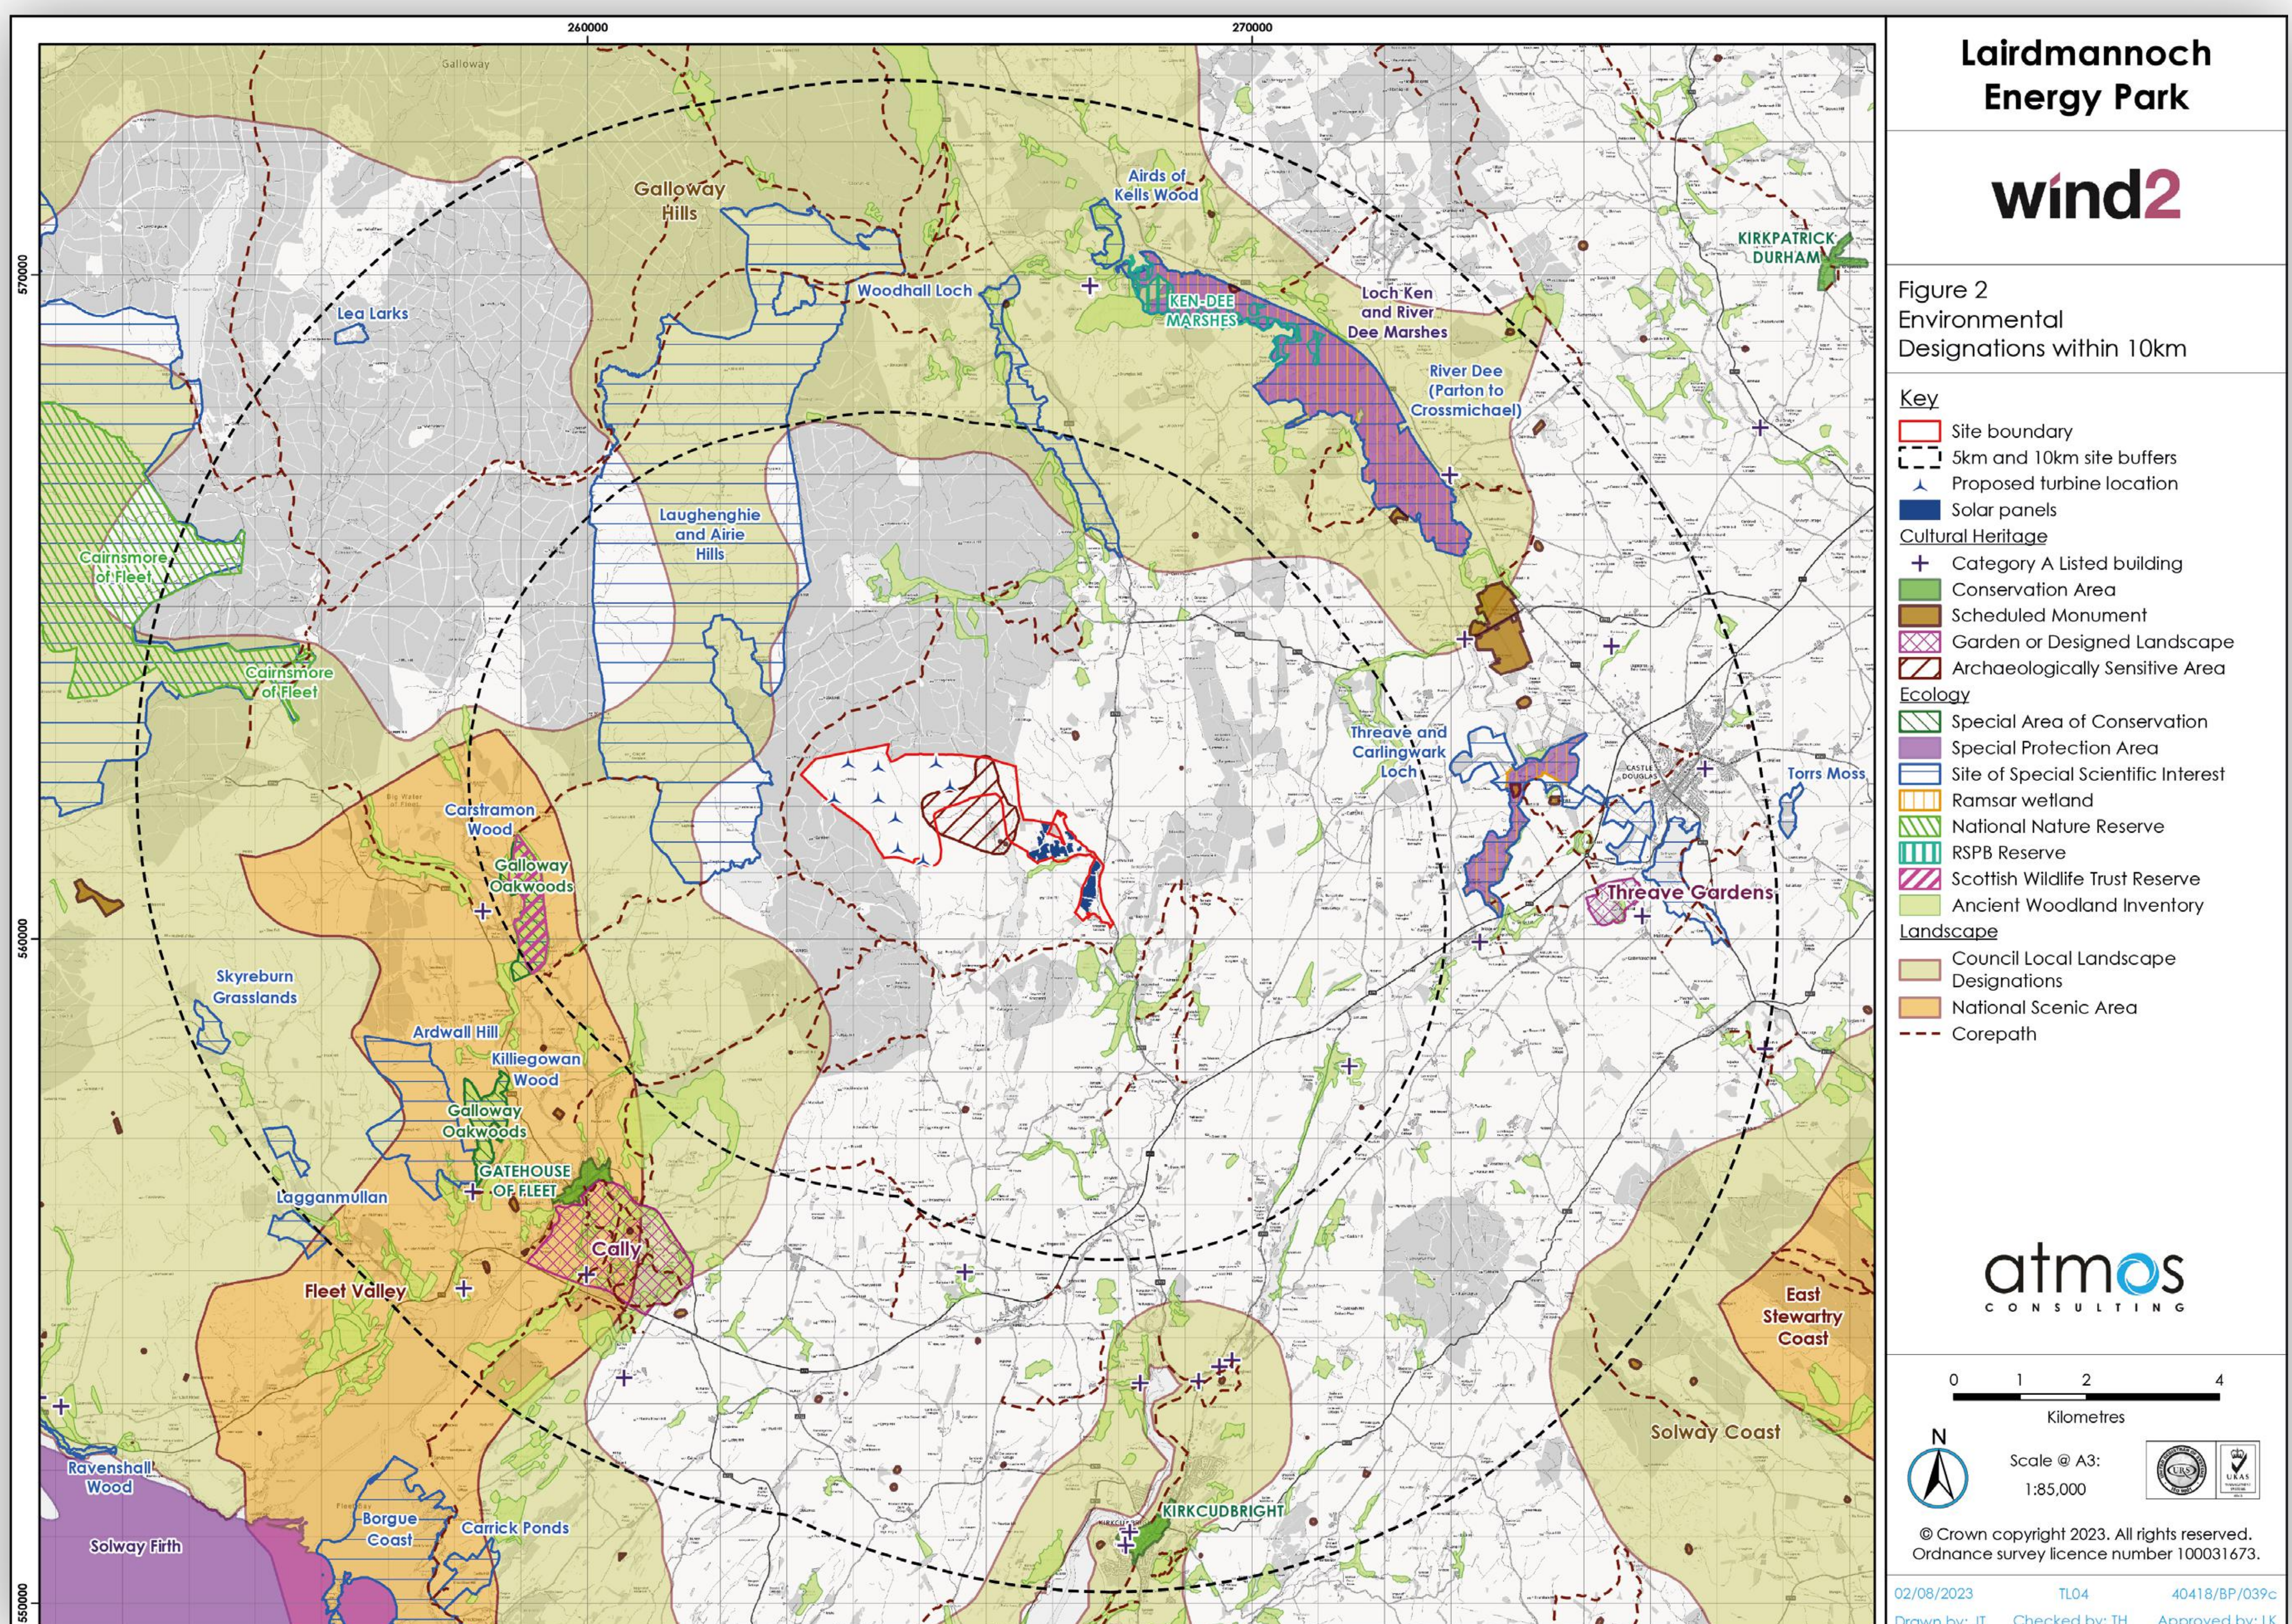

Environmental Impact Assessment

An Environmental Impact Assessment (EIA) for the proposed energy park site is currently in progress.

A Scoping Opinion was issued by the Energy Consents Unit in January 2024 which confirmed the scope of the EIA.

Consultation has been undertaken with Dumfries & Galloway Council and other key consultees such as NatureScot, Scottish Environment Protection Agency (SEPA), Royal Society for Protection of Birds (RSPB) and Southwest Scotland Environmental Information Centre to agree on the required scope of surveys, assessments and to safeguard sensitive habitats and species.

The results of the EIA will accompany the final Section 36 application to be submitted to the Energy Consents Unit in early 2025.
